

THINK25/U25 STICKERS

The FRB have kindly supplied us with stock of the above stickers to help bookmakers show compliance with the new requirement for a Think25 policy.

They are 74mm diameter and are designed to go on the bottom of the board alongside other signage.

We have enough stock for bookmakers to have one sticker per pitch, up to the maximum number of pitches you will be operating on any one day.

Betting ring managers will be carrying some stock to issue on the racecourse, John Fox will distribute in Scotland, but if you are not going racing for some time or would like to apply by post please send a stamped addressed envelope to the RBC office:-

11 Longbow Close, Pennine Business Park, Bradley, Huddersfield HD2 1GQ
indicating your choice of the two designs and the number of stickers required.
